CONTENTS OF VOLUME XX

BAKER, L. E. **The Influence of Subliminal Stimuli upon Verbal Behavior** 84

BELLOWS, R. M. **An Experimental Isolation of Some Factors Determining Response to Rhythmic Cutaneous Stimulation: II. Temperature** 169

BILLS, A. G. **Blocking in Mental Fatigue and Anoxemia Compared** 437

BROWN, C. H. **The Relation of Magnitude of Galvanic Skin Responses and Resistance Levels to the Rate of Learning** 262

BRADSHAW, D. A. **A Comparison of Choreic with Normal Children on the Basis of Simple Reaction Times to Visual and Auditory Stimuli** 184

CHASE, W. P. **Color Vision in Infants** 203

COOK, T. W. **The Relation Between Amount of Material and Difficulty of Problem Solving. I. Mental Addition and Subtraction** 178

COOK, T. W. **Amount of Material and Difficulty of Problem Solving. II. The Disc Transfer Problem** 288

COOK, T. W. **Whole Versus Part Learning the Spider Maze** 477

COURTS, F. A. **The Alleged Retroactive Effect of Visual Stimuli Subsequent to a Given Response** 144

CRUDDEN, C. H. **Reactions of Newborn Infants to Thermal Stimuli Under Constant Tactual Conditions** 350

DEVNICH, G. E. **Words as 'Gestalten'** 297

DJANG, S. **The Role of Past Experience in the Visual Apprehension of Masked Forms** 29

FORD, A. **Perceptive Errors in Time Judgments of Behavior** 528

GARDNER, J. W. **An Experimental Study of the Luria Technique for Detecting Mental Conflict** 495

GIBSON, J. J. **Adaptation, After-Effect, and Contrast in the Perception of Tilted Lines. II. Simultaneous Contrast and the Areal Restriction of the After-Effect** 553

GIBSON, J. J. AND RADNER, M. **Adaptation, After-Effect and Contrast in the Perception of Tilted Lines. I. Quantitative Studies** 453

GILBERT, R. W. **A Further Study of the Effect of Non-Informative Shock upon Learning** 396

GUILFORD, J. P. AND NELSON, H. M. **The Pitch of Tones in Melodies as Compared with Single Tones** 309

GRAHAM, J. L. **Illusory Trends in the Observations of Bar Graphs** 597

GRAHAM, J. L. **Illusory Trends in the Observations of Volumes** 609

HIGGINSON, G. D. **Maze Learning with Knowledge of Pattern Similarity** 223

HOLWAY, A. H., SMITH, J. E. AND ZIEGLER, M. J. **On the Discrimination of Minimal Differences in Weight: II. Number of Available Elements as Variant** 371

KROUT, M. H. **Further Studies on the Relation of Personality and Gestures. A Nosological Analysis of Autistic Gestures** 279

LUCKIESH, M. AND MOSS, F. K. **The Eyelid Reflex as a Criterion of Ocular Fatigue** 589

McGeoch, J. A. and McKinney, F. **Studies in Retroactive Inhibition: VIII. The Influence of the Relative Order of Presentation of Original and Interpolated Paired Associates** 60

McGeoch, J. A., McKinney, F. and Peters, H. N. **Studies in Retroactive Inhibition: IX. Retroactive Inhibition, Reproductive Inhibition and Reminiscence** 131

Munn, N. L. **Tactual Localization Without Overt Localizing Movements and Its Relation to the Concept of Local Signs as Orientation Tendencies** 581

Peak, H. and Deese, L. **Experimental Extinction of Verbal Material** 244

Pearce, C. H. **Response in the Median Plane Localization of Sound** 101

Raskin, E. and Cook, S. W. **The Strength and Direction of Associations Formed in the Learning of Nonsense Syllables** 381

Ray, J. J. **A 'Multitester' and 'Portable Polygraph'** 301

Rexroad, C. N. **Reaction Time and Conditioning: Extinction, Recovery and Disinhibition** 468

Rodnick, E. H. **Characteristics of Delayed and Trace Conditioned Responses** .. 409

Rodnick, E. H. **Does the Interval of Delay of Conditioned Responses Possess Inhibitory Properties?** 507

Russell, R. W. and Hunter, W. S. **The Effects of Inactivity Produced by Sodium Amytal on the Retention of the Maze Habit in the Albino Rat** 426

Seagoe, M. V. **Additional Laboratory Experiments with Qualitative Wholes** ... 155

Sears, R. R. **Initiation of the Repression Sequence by Experienced Failure** 570

Silleck, S. B., Jr. and Lapha, C. W. **The Relative Effectiveness of Emphasis upon Right and Wrong Responses in Human Maze Learning** 195

Wever, E. G., Bray, C. W. and Willey, C. F. **The Response of the Cochlea to Tones of Low Frequency** 336

Willey, C. F., Inglis, E. and Pearce, C. H. **Reversal of Auditory Localization** 114

Woodrow, H. **Absolute Scaling Applied to the Data Yielded by the Method of Constant Stimuli** 1
